Resident018's Report

Current Cohort: Year 1 Residents At All Site

Resident018 has received 27 assessments. 9 of them were High Complexity Cases. 4 of them were On-Call Cases.

In previous tab, he/she has been identified as a "Underperforming Resident"

CanMEDs Competencies

In most cases, the evaluators rated the resident's CanMEDs Competencies as "Demonstrates Proficiency for Level of Training".

The right table shows the exact proportion of assessments this resident's proficiency has been recognized.

Clinical Excellence Award

Dr. Brian Pollard (SMH)

"He is an outstanding clinician who is meticulous and takes great pride in the quality of his care. He is sought after by physicians and other members of the perioperative team when they or a family member require an anesthetic and I would certainly ask him to give my anesthetic if I had to have one."

"Dr. Pollard truly embodies what it means to be a clinician expert in an academic health sciences centre. Not only is he exceptional and compassionate clinically, he demonstrates a dedication and commitment to teaching his students, residents, and fellows"

Dr. Atul Prabhu (UHN-TWH)

"...He has introduced multiple quality improvement perioperative projects including improvement of operating room timeliness from 60% to 90% and by creating novel staffing assignments in the block room to enhance patient safety."

"He has also fostered clinical excellence through mentoring junior staff members, fellows, and residents through their careers."

Naveed Siddiqui (SHS)

"... a not only a exemplary researching with interest in point of care ultrasound, obstetrical anesthesia and perioperative pain management, he is also regarded by his colleagues and a kind and compassionate clinician, the person you would want to treat your family members...a great communicator and leader within the operating room, helping teams function to the highest standard while fostering a supportive environment which ensures optimal patient care."

Kyle Kirkham (WCH)

"He is a gifted teacher and plays an excellent role model for the staff, fellows and trainees. He has been the pillar of support for the whole OR team in times of crisis both personal and professional."

Clinical Excellence Award

Stuart McCluskey (UHN-TGH)

"He is an outstanding clinician in this field and is the point resource for all the challenging cases we face. He has supported the education of trainees in this field and has published multiple papers and is a renowned voice of Liver transplantation anesthesia in the World community."

Edgar Hockman (SHSC)

"Edgar is a physician's physician. He is kind, generous, funny and focus on his patients. He is a mentor to his trainees and a wonderful joy to work with."

Dr. Paul Mercereau (STJ)

"Clinically outstanding. A role model to students and colleagues. Committed to the overall mission."

Vannessa Chin (HSC)

"It is with pleasure that we support Vannessa's nomination for the clinical excellence award. Vanessa is passionate about the delivery of exemplary clinical care. Her dedication, compassion and professionalism is an inspiration to us all."

Alfio Meschino (MGH)

"Dr. Meschino is well known for being an excellent communicator amongst all operating room staff. He puts his patients and operating room staff at ease by his calm demeanour...advocated and advanced excellent patient care on an individual level as well as a systematic level having previously served as Chief of Staff at Toronto East General Hospital for over 10 years."
