

UNIVERSITY OF TORONTO

Department of Anesthesia

Professors' Rounds for Fellows – 2010

Date	Topic	Speaker
February 22	Looking Behind the Data: Why trials of Tight Glycemic Control in ICU Are Not So Smart	Dr. Brian Kavanagh (HSC)
March 22	Extubation of the Difficult Airway	Dr. Richard Cooper (TGH)
April 19	Advances in Lung Isolation	Dr. Peter Slinger (TGH)
May 31	Ultrasound Assisted Epidurals and Spinals in Obstetrics and Other Patients	Dr. Jose Carvalho (MSH)

Professors' Rounds for Fellows – 2010 - 2011

Date	Topic	Speaker
October 26	Perioperative ACE Inhibitors: To Give or Not to Give?	Dr. Scott Beattie (TGH)
December 7	Obstructive Sleep Apnea: Are we sleepwalking towards disaster?	Dr. Frances Chung (TWH)
January 25	Ultrasound for Regional Anesthesia: Past, Present and Future	Dr. Colin McCartney (SHSC)
February 22	MAC and Memory: Too Much or Too Little?	Dr. Beverley Orser (SHSC)
March 22	Communication at the Interface: Transferring Patient Care – What is missed?	Dr. Peter Cox (HSC)
April 19	"Is the in vitro lab relevant to clinical medicine?" - Experiences of a reluctant clinician scientist"	Dr. Andrew Baker (SMH)
May 31	Self Regulation – How to Stay Out of Trouble with the CPSO!	Dr. Robert Byrick (SMH)

Professors' Rounds for Fellows – 2011 - 2012

Date	Topic	Speaker
September 19	A Primer on Memory and Anesthesia	Dr. Lashmi Venkat (TWH)
November 14	Anemia or Transfusion: Which is Worse?	Dr. Greg Hare (SMH)
November 25	Magic and Misconduct	Dr. Steven Shafer (Mendelson Lecturer)

January 31	Mechanical Ventilation Injures Lungs	Dr. Brian Kavanagh (HSC)
February 22	Pre-operative Cardiac Risk Assessment – Art, Science or Neither?	Dr. Duminda Wijeyesundera (TGH)
March 22	Extubation of the Difficult Airway	Dr. Richard Cooper (TGH)
April 19	Advances in Lung Isolation	Dr. Peter Slinger (TGH)
May 31	Ultrasound Assisted Epidurals and Spinals in Obstetrics and Other Patients	Dr. Jose Carvalho (MSH)

Professors' Rounds for Fellows – 2012 - 2013

Date	Topic	Speaker
September 25	Review of Transfusion Practices in the Last Decade – How & Why have we changed?	Dr. Keyvan Karkouti (TGH)
October 29	Extubation of the Difficult Airway	Dr. Richard Cooper (TGH)
November 23	Patient Safety and the Regulator - Experience from the CPSO	Dr. Robert Byrick (SMH)
January 21	Saturday Night is NOT Alright: A Look into After Hours Patient Care	Dr. Larry Roy (HSC)
March 5	Who Should Have a Post-Op Troponin?	Dr Scott Beattie (TGH)
April 3	How Do Anesthetics Affect Memory? Does it Matter?	Dr. Beverley Orser (SHSC)
April 24	Looking beyond the OR: Is there a role for anesthesiologists in a 21st century healthcare system?	Dr. Alex Jadad (TGH)
June 3	Why does anesthesia matter for total knee replacement?	Dr Colin McCartney

Professors' Rounds for Fellows – 2013 - 2014

Date	Topic	Speaker
September 30	Update in MH – Are Canadians Hot?	Dr. Sheila Riazi (TWH)
October 31	Bedside Ultrasound in Acute Care Medicine Interactive Clinical Cases	Dr Peter Steinmetz (McGill)
November 23	Game Changers - 20 Most Important Articles Ever Published in the Specialty of Anesthesiology	Dr Paul Barash (Mendelson Lecturer)
January 27	Strengths and Weaknesses of Protocols and Guidelines	Dr. Brian Kavanagh (HSC)
March 31	Anesthetics and Metabolism: From Brain Development to Cancer Metastasis	Dr. Jason Maynes (HSC)
May 12	Morbidly Obese Patients: A Challenge for Everyone?	Dr. Frances Chung (TWH)
June 2	Long Term Memory Loss: The Unavoidable Cost of Anesthesia?	Dr. Beverley Orser (SHSC)

Professors' Rounds for Fellows – 2014 – 2015

Date	Topic	Speaker
September 22	Challenges in End-of-Life Care Decisions: Lessons from the Rasouli Case	Dr Brian Cuthbertson (SHSC)
October 16	The ENIGMA II Trial - ?N ₂ O	Dr. Paul Myles (Monash University, Melbourne, Australia)
November 17	Functional Neuroimaging in Anesthesia, Intensive Care, and Pain Medicine	Dr. Lashmi Venkat (TWH)
November 28	Perioperative Safety and Outcomes: Where Did We Come From, Where Are We Going	Dr Kevin Tremper (Mendelson Lecturer)
January 19	General Anesthesia for the Patient with Severe Lung Disease	Dr Peter Slinger (TGH)
February 9	Extubation of the Difficult Airway	Dr. Rick Cooper (TGH)
April 13	Causes and Treatment of Perioperative Memory Loss	Dr. Beverley Orser (SHSC)
May 25	Update on Ultrasound Guided Regional Anesthesia	Dr. Vincent Chan (TWH)
June 8	Translational Approaches to Minimizing the Risk of Perioperative Anemia: from animal studies to improved clinical care	Dr. Greg Hare (SMH)

Professors' Rounds for Fellows – 2015 - 2016

Date	Topic	Speaker
September 28	Facing an Uncomfortable Truth - The Choice of Your Anesthesiologist does make a difference!	Dr. Scott Beattie (TGH)
October 19	Use of Intensive Care After Surgery – International Comparisons!	Dr. Hannah Wunsch (SHSC)
November 20	How Future Technology Advances Will Improve Perioperative Safety	Dr. Mark Warner (Mendelson Lecturer)
January 25	How Mechanical Ventilation Injures Lungs	Dr. Brian Kavanagh (HSC)
February 16	Pediatric Airway Management: The Basics and Beyond	Dr. Cengiz Karsli (HSC)
March 21	Delirium: The Role of Anesthetics and Potential Treatments	Dr. Beverley Orser (SHSC)
April 18	Neuroscience Research in Anesthesia	Dr. Andrew Baker (SMH)
May 16	What's new in point-of-care testing and transfusion in cardiac surgery	Dr. Keyvan Karkouti (TGH)
June 6	Patients with Morbid Obesity: A Clinical Challenge for Anesthesiologists	Dr. Frances Chung (TWH)

Professors' Rounds for Fellows – 2016 - 2017

Date	Topic	Speaker
September 26	Anesthesia for the Patient with Severe Lung Disease	Dr Peter Slinger (TGH)
November 7	Global Health & How Anesthesiologists Can Contribute	Drs. Terri Skelton (HSC) & Ian Randall (TGH)
Dec 5	Does Regional Anesthesia Affect Functional Outcomes after Major Surgery?	Dr. Vincent Chan (TWH)
January 23	Outpatient Neurosurgery! What Next?	Dr. Pirjo Manninen (TWH)
Feb 13	A novel brain stress test for assessing cerebrovascular reserve	Dr. Lashmi Venkat (TWH)
March 27	My Laryngoscopy Failed! What Next?	Dr. Rick Cooper (TGH)
April 24	Restoring Memory in the Post-Operative Period	Dr. Beverley Orser (SHSC)
May 29	Enhanced Recovery After Surgery at the University of Toronto Hospitals: Structure, Process and Outcome Measurements	Dr. Stuart McCluskey (TGH)

Professors' Rounds for Fellows – 2017 – 2018

Date	Topic	Speaker
September 25	Maximizing The Prevention of Chronic Pain and Persistent Opioid Use After Surgery: The Development of a Transitional Pain Service	Dr. Hance Clarke
October 30	Wisely Choosing to Change: The Choosing Wisely Campaign - Implementing Practice Change in Anesthesia	Dr. Kyle Kirkham
November 20	The Post-op Brain: Primum non nocere	Drs. S Avaramescu & S Choi
January 29	Healthcare Simulation: Revisiting what you thought you knew	Dr. Toby Everett
Feb 26	Immersive Reality (AR/VR/MR) – A New Frontier in Healthcare Clinical Management & Medical Education	Dr. Fahad Alam
March 19	Extubation (and Reintubation) of the Difficult Airway – the Art and Science	Dr. Rick Cooper
April 23	Transfusion Requirements in Cardiac Surgery (TRICS III) – review of results and lessons learned	Dr. David Mazer
May 28	What happens to the brain after anesthesia and surgery?	Dr. Beverley Orser

Professors' Rounds for Fellows – 2018 – 2019

Date	Topic	Speaker
October 22	Lessons Learnt From The METS Study About Preoperative Risk Assessment and The Journey of Scientific Research	Dr. Duminda Wijeyesundera
November 26	Why Do Anesthesia Research? What Have We Discovered?	Dr. Beverley Orser
January 28	Transforming NOMA – Giving Back a Child a Smile	Dr. Wesley Rajalaleen
Feb 25	A Comparison of Anesthesia Care: Canada vs Other Countries – Our International Fellows Speak!	Drs. Wesla Parker/Carolina Barbosa, Shikha Bansal, Elmari Neethling, Matthew Boyd
March 25	Mediastinal Masses and Other Lower Airway Problems	Dr. Peter Slinger (TGH)
April 29	My Patient is Not Doing Well on APS, So now what?	Dr. Tania diRenna (WCH)
May 27	My Laryngoscopy Failed – Now What?	Dr. Rick Cooper (TGH)
